[Taughannock Falls State Park](#)

A beautiful state park with the falls, at 215 feet, being the highest in the northeastern United States. The falls have created a narrow gorge viewable from the five miles of surrounding hiking and nature trails, tent and trailer sites, cabins, picnic areas, beach swimming, fishing, playground areas, a marina launching site, ice-skating, sledding, cross-country skiing and an annual [summer concert series](#)
